

KIDS ARE STEWARDS TOO!

Stewardship is how we use what we have been blessed with to strengthen our relationship with God. Stewardship is also how we help others with what God has given us. Our theme this year is **"Serving God Together"** and that's just how God wants us to live, helping others. How do you help others with the things that God has given you and your friends? This year we are reminding everyone that Serving God Together is more important than ever. Below are some ways that you can Serve God with your time, talents or resources and learn how you can be stewards anytime and anyplace. Please return this page with your parent(s) estimate of giving card.

My promise to give to my church and others.

My name is _____

And I will help my church next year by: (put a check next to the ones that you will do)
